

SUDDHANANDA VIDYALAYA- UTHANDI

A brief report on our school activities of the year 2020-21.

Dear friends and well-wishers,

Namaste. We are pleased to share with you all, this brief report on our school activities of the academic year 2020-21.

We are all aware of the challenging pandemic situation in all levels. Especially, as our children are from economically under privileged families, the parents are not able to afford the gadgets for online classes, they have not been able to get the maximum benefits of the online classes.

Though our SVU team tried our level best to conduct the online classes only the 56% of the children of class KG to III attended the class and benefitted. From class IV and V 78% children were able to attend the classes. From class VI to IX 92% of them attended. In class X all the children attended offline and online, as they were preparing for Board Examination.

Even though they attended the online classes, children missed many school activities like Project Day, Sports Day, Field Trips etc.

But we made the children involve in online celebrations of festival and special days, like Independence Day, Vinayakar chaturthi, Gokulastami, Children's Day, Teachers day etc.

We uploaded the videos of the celebrations on our school website. svuchennai.org

Also, our children participated in few online competitions like,

- (i) School level children's day competitions.**
- (ii) 'Eat right' creativity challenge- competitions by FSSAI.**
- (iii) Painting competitions – JSW paints & The Hindu Young World.**
- (iv) Competitions on 'Road Safety' – Transport Department.**

With all your support extended, this academic year was concluded with the commitment in the effort taken by our team. We hope with God's grace and Swamiji's blessings the pursuing year will be a cheerful and fruitful year for children in all aspects.

Thanking You

S.MANGAYARKARASI

Principal.

Painting Competition – JSW Paints
& The Hindu Young World.
M.Anish – VII

Poster making – Road Safety
M.Preethi Nayak –VIII

Eat Right Creativity Challenge – FSSAI – Poster making
